

Bell Ringer

Directions: You have five minutes to complete this test. Carefully read all of the parts of the test before writing anything. Work as quickly as you can. You will not be allowed to work after the five minutes is up. Good Luck!! You may begin now.

1. Write today's date (month-day-year) in the top right hand corner of your test paper.
2. Write the answer to the following multiplication problem directly underneath the date on your test paper. $6 \times 5 = ?$
3. Write the name of the month that begins with the letter "O" in the top left hand corner of your test paper.
4. Add 15 to the answer you got in #2, and write this new total directly underneath your answer for #3.
5. In the lower left hand corner of your test paper, write the names of your favorite singer and your favorite group.
6. Just above your answer to #5, write "This test is easy for me."
7. Directly above your answer to #7, draw a row of three small squares.
8. Take the number of dwarfs in the Snow White story and add it to the number of bears in the Goldilocks story. Divide by 2. Write this number down.
9. Now that you have carefully read this far, and have not done any of the actual work, skip the next two questions and go back and only complete question #3.
10. The name of the first president of the United States is George Washington. He was president from 1789 until 1797. Add the two dates together to see if the total is less than 5,000.
11. You should not be reading the end of the test before the beginning of the test, but now that you are here, you have just wasted some of the time you may need to complete this.
